

	Quick Fix Wish List				For Municipal Staff use							
Step 1	Review the Quick Fix wish list. Consult the 'Quick Fix Inventory' for more details about Quick Fixes. You can add additional Quick Fix ideas at the bottom under 'submitted by municipal staff'											
	Add comments and suggestions to the Quick Fixes and commit to up to 20 Fixes (or more!).											
Step 2	Please submit this Quick Fix Wish List to evan.hammer@bikehub.ca Quick Fixes take place up until November 2020. Please send evan.hammer@bikehub.ca photographic evidence (before and after) of the Quick Fixes. HUB will then promote the photos on the 20 in 20 web page and through its social media channels.					For Municipal Staff use						
	Municipal Staff can choose up to 20 Quick Fixes	Type of Quick Fix (Surface Treatment, Signage, Wayfinding, etc.)	Specific Location in the City of Richmond (not YVR) (Please provide google map link)	Specific Ask	Photographic Evidence	Comments and/or Modifications to Suggested Quick Fix (if applicable)	Committed (Yes/ No)	Estimated Completion Date	Photographic Evidence Obtained and sent to evan.hammer@bikehub.ca (Yes / No)			
[example # 1]	Surface Treatment (pothole)	On X Street, between X and X Avenues, [Jurisdiction]	Two large potholes to be filled on the south bound lane.	[Link or insert here if possible]								
[example # 2]	Repair (bike lane)	On X Blvd, between X and X Streets, [Jurisdiction]	A section of the eastbound bike lane on X Boulevard, closer to the X Street intersection is faded and could use new paint.	[Link or insert here if possible]								
Previously submitted and reviewed but not completed												
1	Infrastructure Modification	https://goo.gl/maps/Lif66anUwWKFyYpX8	This little trail has a gate in front that makes it extremely difficult to get a bike or stroller through. Can it be removed? There is no risk of anyone getting a car in here.									
2	Signage	Entry to HomeSense/Winners, West bound on Lougheed Highway east of Schoolhouse Street, Coquitlam	Under the right turn only sign add a " Except Bicycles" sign, I have been tailgated by vehicle through this bike only corridor more than once.									
3	Surface Treatment	David Separated Path intersections - especially at Shaughnessy, Oxford and Coast Meridian	Paint the crosswalks green where the separated path along the south side of David crosses Shaughnessy, Oxford and Coast Meridian. Drivers are not looking out for cyclists and often make right/left turns from David on to those roads cutting off cyclists or nearly hitting them.	David at Shaughnessy								
4	Maintenance & Repairs	Coquitlam: Pitt River Road, East Side (Between Lougheed Hwy and Traboulay Trail)	The cycling route between the Traboulay Trail and the Yellow Gate at Riverview (near Lougheed and Pitt River Road) runs along the East sidewalk of Pitt River Road. This sidewalk is currently very sandy and covered with debris. The worst section is right at the intersection of Pitt River Road and Lougheed Hwy (see image).	https://photos.app.goo.gl/zdb5juhDiKDR63hE8

5	Grind curb	North boundary of Como Lake park at the eastern end of Grover avenue	There is an informal trail along the north boundary of the park but the entrance from Grover (going east) has a very abrupt jog that also has visibility issues. Could be fixed by grinding down the asphalt curb to allow cyclist to proceed in a straight line.									
Submitted by HUB Tri-Cities Committee												
6	Maintenance & Repairs	United Boulevard, Braid to the King Ed Overpass	Sweep the debris and broken glass in the bikeway.									
7	Surface treatment	Near northwest corner of Gatensbury and Grover, Coquitlam	Please restore informal bike trail connecting the gap in Grover. Due to recent house construction, trail is no longer accessible. Just needs a little gravel added to the right of the "end of road" sign in the attached photo.									
8	Maintenance & Repairs	Bike overpass over west bound Lougheed highway near Port Mann bridge	Trimming back trees and shrubs impinging on trail									
9	Maintenance & Repairs	Bike path from United Boulevard to Lougheed highway onramp from Port Mann Bridge	Trimming blackberry canes and other shrubs
